Our History

The Association of Small Producers of Peru was founded on September 12, 2016, with the aim of contributing to improving the quality of life of small farmers and families in the areas of Tambo Grande (Piura), Motupe (Lambayeque), and Moro and Yaután (Áncash). To strengthen its development, they obtained Fairtrade certification in August 2017, and in the 2017-2018 campaign, they began marketing under this seal with 30 partners, focusing on the cultivation of Kent mangoes. Between 2018 and 2019, the Wonderful pomegranate and Hass avocado crops were certified, achieving the first pomegranate export in 2021. With the same commitment, in 2023 the desire to transform into a cooperative arose, consolidating this achievement in 2024. Today, as the Agrarian Cooperative of Small Producer Users of Peru, they have 44 members committed to the sustainable development and growth of the agricultural sector.
